Introduction to Technical Writing

Practical Demonstration

Technical Writing

November 12, 2026

What is Technical Writing?

Technical writing communicates specialised information clearly.

Main objective

Make technical information understandable and usable.

A Structured Workflow

Planning

Identify the audience and purpose.

Writing

Organise information and use examples.

Incremental Content

- Define the topic.

Incremental Content

- Define the topic.
- Explain the concepts.

Incremental Content

- Define the topic.
- Explain the concepts.
- Demonstrate with an example.

Mathematical Example

A simple equation:

$$E = mc^2$$
